Clinical Resource Network Named to 2008 Inc. 5000 List
Company Ranks No. 2674 with Three-Year Sales Growth of 136.1%

Deerfield, IL, Sept. 3, 2008 –Inc. announced it placed Clinical Resource Network (CRN) 2674th on its 2008 annual ranking of the 5,000 fastest-growing private companies in the country and in the Top 100 businesses in the greater Chicagoland area on August 20, 2008.

The list is the most comprehensive look at the most important segment of the economy – America’s independent-minded entrepreneurs. Taken as a whole, these companies represent the backbone of the U.S. economy.

“Our second annual Inc. 5000 continues the most ambitious project in business journalism,” said Inc. 5000 Project Manager Jim Melloan. “The Inc. 5000 gives an unrivalled portrait of young, underreported companies across all industries doing fascinating things with cutting-edge business models, as well as older companies that are still showing impressive growth.”

Founded in 2003, Clinical Resource Network (CRN), a Women’s Business Enterprise, is the industry leader in the provision of specialized in-home and alternate-site nursing and pharmacy services for pharmaceutical and biotechnology clinical trials.

“We are so proud to be included on this prestigious list,” said Gail Adinamis, founder and CEO, Clinical Resource Network. “Thank you to our invaluable team members who have shown dedication to the business and to our customers who have demonstrated confidence in the company again and again.”

“With continued growth, we will remain dedicated to making clinical trials more efficient and helping pharma and biotech companies get healthcare solutions to market more quickly.”

Gail Adinamis founded CRN after more than a decade of managing clinical trials for big pharma. Today, with a global network of more than 3000 home healthcare agencies, CRN’s unique business model allows for select protocol visits to be conducted at the patient’s home, workplace or travel destination. As a result, patients are more likely to enroll and remain in the trial resulting in dramatic improvements in patient recruitment, compliance and retention for sponsors.

Inc. 5000 Methodology

The 2008 Inc. 5000 list measures revenue growth from 2004 through 2007. To qualify, companies must be U.S.-based and privately held, for profit, independent – not subsidiaries or divisions of other companies – as of December 31, 2007, and have had at least \$200,000 in revenue in 2004, and \$2 million in 2007.

About Clinical Resource Network, LLC
